LICENSE NO. K-6208

IN THE MATTER OF

THE LICENSE OF

HELSON PACHECO-SERRANT, M.D.

BEFORE THE

TEXAS MEDICAL BOARD

AGREED ORDER

On the 15th day of June, 2018, came on to be heard before the Texas Medical Board (Board), duly in session, the matter of the license of Helson Pacheco-Serrant, M.D. (Respondent).

On January 26, 2018, Respondent appeared in person with counsel, Larry Hicks, at an Informal Show Compliance Proceeding and Settlement Conference in response to a letter of invitation from the staff of the Board. The Board’s representatives were Jeffrey L. Luna, M.D., a member of the Board, and Larry Buehler, a member of a District Review Committee (Panel). Kevin Moczygemba represented Board staff.

BOARD CHARGES

Board Staff charged that Respondent violated the standard of care by, amongst other things, performing six surgeries on Patient 1 related to a dorsal spinal cord stimulator. Board Staff also charged that Respondent failed to obtain appropriate informed consent from Patient 1 for an extension of the spinal fusion procedure to include L3 to L4. Board Staff also charged that Respondent failed to keep adequate medical records for Patient 1.

Board Staff further charged that Respondent violated the standard of care by, amongst other things, failing to adequately evaluate Patient 2, failing to correctly diagnose the patient’s condition, and performing unnecessary spinal surgical procedures. Respondent also failed to keep adequate medical records for Patient 2.

BOARD HISTORY

Respondent has previously been the subject of disciplinary action by the Board.

On June 4, 2010, the Board entered an Agreed Order requiring 30 hours of continuing medical education (CME), to include 10 hours in medical record keeping, 10 hours risk management, and 10 hours in indications and diagnosis for spinal surgery and a penalty of
$12,000.00. The Order arose from a spinal fusion procedure with standard of care and medical record keeping violations.

On December 8, 2017, the Board entered an Agreed Order (2017 Order) requiring Respondent to complete the University of California San Diego Physician Assessment and Clinical Education (PACE) medical record keeping program and pay an administrative penalty in the amount of $2,000. The Order arose from a failure to keep adequate medical records for two patients.

Upon the recommendation of the Board’s representatives and with the consent of Respondent, the Board makes the following Findings and Conclusions of Law and enters this Agreed Order.

FINDINGS

The Board finds the following:

1. General Findings:
   a. Respondent received all notice required by law. All jurisdictional requirements have been satisfied. Respondent waives any defect in notice and any further right to notice or hearing under the Medical Practice Act, Title 3, Subtitle B, Texas Occupations Code (Act) or the Rules of the Board.
   b. Respondent currently holds Texas Medical License No. K-6208. Respondent was originally issued this license to practice medicine in Texas on August 22, 1998. Respondent is not licensed to practice in any other state.
   c. Respondent is primarily engaged in the practice of Neurological Surgery. Respondent is not board certified.
   d. Respondent is 49 years of age.

2. Specific Panel Findings:
   a. Respondent failed to keep adequate medical records for Patient 1 because he failed to document reasons for the extension of the spinal fusion procedure to include L3 to L4 in the operative report.
b. Respondent violated the standard of care by failing to adequately evaluate Patient 2, failing to correctly diagnose the patient’s condition, and performing unnecessary spinal surgical procedures.
c. Respondent also failed to keep adequate medical records for Patient 2 because he failed to record patient history and physical exam information.

3. Mitigating Factors:
In determining the appropriate sanctions in this matter, the Panel considered the following mitigating factors:

a. Respondent provided letters from Patients 1 and 2 which states that their pain has improved since Respondent’s surgical treatment.
b. Respondent is already scheduled to complete the PACE medical recordkeeping course under the 2017 Order which should address the medical record keeping issues in this case.
c. Respondent represented that he has self-imposed the following limitations to his practice in order to work on the quality of his documentation and patient care:
   i. Respondent no longer performs pediatric surgery.
   ii. Respondent no longer performs brain neurosurgery.
   iii. Respondent does not take emergency call and only performs elective spinal neurosurgery.
   iv. Respondent has decreased his patient census by half.
d. Respondent has cooperated in the investigation of the allegations related to this Agreed Order. Respondent neither admits nor denies the information given above. To avoid further investigation, hearings, and the expense and inconvenience of litigation, Respondent agrees to the entry of this Agreed Order and to comply with its terms and conditions.

CONCLUSIONS OF LAW

Based on the above Findings, the Board concludes that:

I. The Board has jurisdiction over the subject matter and Respondent pursuant to the Act.
2. Section 164.051(a)(3) of the Act authorizes the Board to take disciplinary action against Respondent based on Respondent’s violation of a Board rule; specifically Board Rule 165.1, which requires the maintenance of adequate medical records.

3. Section 164.051(a)(6) of the Act authorizes the Board to take disciplinary action against Respondent based on Respondent’s failure to practice medicine in an acceptable professional manner consistent with public health and welfare, as further defined by Board Rules: 190.8(1)(A), failure to treat a patient according to the generally accepted standard of care; 190.8(1)(C), failure to use proper diligence in one’s professional practice; and 190.8(1)(D), failure to safeguard against potential complications.

3. Section 164.001 of the Act authorizes the Board to impose a range of disciplinary actions against a person for violation of the Act or a Board rule.

4. Section 164.002(a) of the Act authorizes the Board to resolve and make a disposition of this matter through an Agreed Order.

ORDER

Based on the above Findings and Conclusions of Law, the Board ORDERS that Respondent shall be subject to the following terms and conditions:

1. Within 10 days from the date of the entry of this order, Respondent shall contact the Texas A&M Health Science Center Knowledge, Skills, Training, Assessment, and Research (KSTAR) program to schedule an assessment. Upon Respondent’s acceptance into the KSTAR program, Respondent shall execute a written request and authorization to KSTAR representatives to provide a complete copy of the final assessment report to the Compliance Division within 15 days of its completion. Respondent shall successfully complete the assessment, and any and all retraining, remedial measures, and/or other recommendations made by KSTAR based upon the assessment, within one year of the date of the entry of this Order. Respondent shall submit documentation of attendance and successful completion of this requirement to the Compliance Division of the Board on or before the expiration of the time limit set forth for completion of the course.

2. Upon the Board’s receipt of the KSTAR final assessment report, Respondent shall appear at an Informal Settlement Conference before a panel of Board representatives upon written request mailed to Respondent’s last known address on file with the Board at least 10
calendar days before the requested appearance date. Such appearance shall be for the purpose of considering further action as may be deemed necessary based on the KSTAR report, including but not limited to, modification of this Order.

3. Respondent shall be subject to the following terms and conditions for eight consecutive monitoring cycles (defined below). Respondent’s practice shall be monitored by a physician (monitor), in accordance with §164.001(b)(7) of the Act. The Compliance Division of the Board shall designate the monitor and may change the monitor at any time for any reason. The monitor shall have expertise in a similar specialty area as Respondent. The Compliance Division shall provide a copy of this Order to the monitor, together with other information necessary to assist the monitor.

(a) As requested by the Compliance Division, Respondent shall prepare and provide complete legible copies of selected patient medical and billing records (selected records). The Compliance Division shall select records for at least 30 patients seen by Respondent during each three-month period following the last day of the month of entry of this Order (reporting period). The Compliance Division may select records for more than 30 patients, up to 10 percent of the patients seen during a reporting period. If Respondent fails to see at least 30 patients during any three-month period, the term of this Order shall be extended until Respondent can submit a sufficient number of records for a monitor to review.

(b) The monitor shall perform the following duties:
1) Personally review the selected records;
2) Prepare written reports documenting any perceived deficiencies and any recommendations to improve Respondent’s practice of medicine or assist in the ongoing monitoring process. Reports shall be submitted as requested by the Compliance Division; and
3) Perform any other duty that the Compliance Division determines will assist the effective monitoring of Respondent’s practice.

(c) The Compliance Division shall provide to Respondent a copy of any deficiencies or recommendations submitted by the monitor. Respondent shall implement the recommendations as directed by the Compliance Division. If the chart monitor recommends that Respondent restrict or suspend his or her practice of medicine,
Respondent shall be required to personally appear before a panel of Board representatives, upon written request mailed to Respondent’s last known address on file with the Board at least 10 calendar days before the requested appearance date. Such appearance shall be for the purpose of consideration of the chart monitor’s recommendations of restriction or suspension and held in accordance with 22 Tex. Admin. Code, §187.44. Based upon the panel’s findings and recommendations, the Board may modify this Order so that Respondent’s practice is restricted or suspended, in accordance with the chart monitor’s recommendations, or take any other action that may be appropriate to resolve the issues presented.

(d) The monitor may recommend that Respondent complete a competency evaluation. A monitor’s recommendation for a competency evaluation must be reviewed by the Chair of the Disciplinary Process and Review Committee (DPRC) for the purpose of making a determination of whether a competency evaluation is warranted. The Chair may approve or deny the monitor’s recommendation. If the Chair approves the recommended competency evaluation, then the following terms shall apply and shall be a requirement of this Order:

1) Within 10 calendar days of being notified by the Compliance Division of the Board that the Chair has approved the monitor’s recommendation, Respondent must contact a program approved by the Board and schedule an assessment of at least two days in length to determine Respondent’s competence and ability to practice medicine.

2) Respondent shall authorize the approved program to send a written report regarding Respondent’s performance and results of the competency evaluation directly to the compliance officer.

3) Upon completion of the competency evaluation, and based upon its results, Respondent must personally appear before a panel of Board representatives, upon written request mailed to Respondent’s last known address on file with the Board at least 10 calendar days before the requested appearance date. The panel may make recommendations for appropriate action, including that
Respondent follow all the program recommendations, comply with other necessary re-training or re-education measures, and may impose any other restrictions or suspension of Respondent’s practice. Section 187.44 of this title (relating to Probationer Show Compliance Proceedings) applies to such appearances.

4) The Board may temporarily restrict or suspend Respondent’s license based upon the results of the competency evaluation or Respondent’s failure to follow any and all requirements set forth in subsection (c) of this section. Chapter 187, Subchapter F of this title (relating to Temporary Suspension and Restriction Proceedings) applies to such proceedings.

(e) The monitor shall be the agent of the Board, but shall be compensated by the Respondent through the Board. Such compensation and any costs incurred by the monitor shall be paid by Respondent to the Board and remitted by the Board to the monitor. Respondent shall not charge the compensation and costs paid to the monitor to any patients.

(f) A “monitoring cycle” begins when the Compliance Division selects patient records for review, and concludes when Respondent receives the monitor’s report for that group of records and has made payment for the costs of that monitoring cycle.

4. At all times while Respondent is under the terms of this Order, Respondent shall give a copy of this Order to all hospitals, nursing homes, treatment facilities, and other health care entities where Respondent has privileges, has pending an application for privileges, applies for privileges, or otherwise practices. Within 30 days of being first contacted by the Compliance Division of the Board following entry of this Order, Respondent shall provide to the Compliance Division of the Board documentation, including proof of delivery showing that the Order was delivered to all such facilities.

5. Pursuant to Board Rule 189.15, the time period of this Order shall be extended for any period of time that: (a) Respondent subsequently practices exclusively outside the State of Texas; (b) this Order is stayed or enjoined by Court Order; or (c) for any period of time longer than 60 consecutive days that Respondent does not actively practice medicine and such cessation
in practice is NOT due to a suspension of Respondent’s license. Respondent shall immediately notify the Board in writing in the event that Respondent leaves Texas to practice elsewhere or ceases active practice for more than 60 consecutive days. Upon Respondent’s return to active practice or return to Texas, Respondent shall notify the Board in writing. Upon return to Texas or active practice, Respondent shall be required to comply with the terms of this Order for the period of time remaining on the Order. Respondent shall pay all fees for reinstatement or renewal of a license covering the period of extension or tolling. Tolling shall be in accordance with Board Rule 189.15.

6. Respondent shall comply with all the provisions of the Act and other statutes regulating the Respondent’s practice.

7. Respondent shall fully cooperate with the Board and the Board staff, including Board attorneys, investigators, compliance officers, consultants, and other employees or agents of the Board in any way involved in investigation, review, or monitoring associated with Respondent's compliance with this Order. Failure to fully cooperate shall constitute a violation of this order and a basis for disciplinary action against Respondent pursuant to the Act.

8. Respondent shall inform the Board in writing of any change of Respondent’s office or mailing address within 10 days of the address change. This information shall be submitted to the Registration Department and the Compliance Department of the Board. Failure to provide such information in a timely manner shall constitute a basis for disciplinary action by the Board against Respondent pursuant to the Act. Respondent agrees that 10 days notice of a Probationer Show Compliance Proceeding to address any allegation of non-compliance of this Agreed Order is adequate and reasonable notice prior to the initiation of formal disciplinary action. Respondent waives the 45-day notice requirement provided by §164.003(b)(2) of the Medical Practice Act and agrees to 10 days notice, as provided in 22 Texas Administrative Code §187.44(4).

9. Any violation of the terms, conditions, or requirements of this Order by Respondent shall constitute unprofessional conduct likely to deceive or defraud the public, or to injure the public, and shall constitute a basis for disciplinary action by the Board against Respondent pursuant to the Act.

10. Respondent shall be permitted to supervise and delegate prescriptive authority to physician assistants and advanced practice nurses and to supervise surgical assistants.
11. The above referenced conditions shall continue in full force and effect without opportunity for amendment, except for clear error in drafting, for one year following the date of the entry of this Order. If, after the passage of the one year period, Respondent wishes to seek amendment or termination of these conditions, Respondent may petition the Board in writing. The Board may inquire into the request and may, in its sole discretion, grant or deny the petition without further appeal or review. Petitions for modifying or terminating may be filed only once a year thereafter.

RESPONDENT WAIVES ANY FURTHER HEARINGS OR APPEALS TO THE BOARD OR TO ANY COURT IN REGARD TO ALL TERMS AND CONDITIONS OF THIS AGREED ORDER. RESPONDENT AGREES THAT THIS IS A FINAL ORDER.

THIS ORDER IS A PUBLIC RECORD.

(SIGNATURE PAGES FOLLOW)
I, HELSON PACHECO-SERRANT, M.D., HAVE READ AND UNDERSTAND THE FOREGOING AGREED ORDER. I UNDERSTAND THAT BY SIGNING, I WAIVE CERTAIN RIGHTS. I SIGN IT VOLUNTARILY. I UNDERSTAND THIS AGREED ORDER CONTAINS THE ENTIRE AGREEMENT AND THERE IS NO OTHER AGREEMENT OF ANY KIND, VERBAL, WRITTEN OR OTHERWISE.

DATED: May 16, 2018.

HELSON PACHECO-SERRANT, M.D.
Respondent
