    Case No. 8002016027290

Public Letter of Reprimand

An investigation by the Medical Board of California revealed that you failed to document the quantity of medications prescribed or dispensed to a minor patient, either by entries in the medical record at each date or copies of the prescriptions utilized, and you failed to return phone calls or messages left for you by the parents of the patient.

These actions constitute a violation of Business and Professions Code sections 2266, failure to maintain adequate and accurate records, and 2234(c), repeated negligent acts.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
