STEP I
CONSENT AGREEMENT
BETWEEN
ROSS ROSARIO LENTINI, M.D.,
AND
THE STATE MEDICAL BOARD OF OHIO

This Consent Agreement is entered into by and between Ross Rosario Lentini, M.D. [Dr. Lentini], and the State Medical Board of Ohio [Board], a state agency charged with enforcing Chapter 4731., Ohio Revised Code.

Dr. Lentini enters into this Consent Agreement being fully informed of his rights under Chapter 119., Ohio Revised Code, including the right to representation by counsel and the right to a formal adjudicative hearing on the issues considered herein.

BASIS FOR ACTION

This Consent Agreement is entered into on the basis of the following stipulations, admissions and understandings:

A. The Board is empowered by Section 4731.22(B), Ohio Revised Code, to limit, revoke, suspend a certificate, refuse to register or reinstate an applicant, or reprimand or place on probation the holder of a certificate for violation of Section 4731.22(B)(26), Ohio Revised Code, for “impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice.”

B. The Board enters into this Consent Agreement in lieu of formal proceedings based upon the violation of Section 4731.22(B)(26), Ohio Revised Code, as set forth in Paragraph E below, and expressly reserves the right to institute formal proceedings based upon any other violations of Chapter 4731. of the Revised Code, whether occurring before or after the effective date of this Agreement. Dr. Lentini attests that he has provided a full, complete, and honest account of the circumstances and facts involved in the underlying matter giving rise to this consent agreement; that no pertinent information has been withheld from the Board; and that the factual summary contained herein is an accurate representation of the information provided. Further, Dr. Lentini acknowledges he understands that in the event it is subsequently determined that he misrepresented the circumstances or facts of the instant matter, the Board intends to pursue by separate disciplinary action any violation of Section 4731.22(B)(34), Ohio Revised Code, and/or any other violations of the Medical Practices Act, even if such violations arise from the same common nucleus of operative fact contained in this consent agreement. Furthermore, Dr. Lentini acknowledges that such subsequent disciplinary action may

supersede this consent agreement and may result in additional discipline, up to and
including permanent revocation of his certificate.

C. Dr. Lentini is licensed to practice medicine and surgery in the State of Ohio, License
number 35,063449.

D. Dr. Lentini states that he is not licensed to practice in any other state or jurisdiction.

E. Dr. Lentini admits that on or about July 18, 2016, pursuant to a Board order, he entered
Shepherd Hill, a Board-approved treatment provider in Newark, Ohio, for the purpose of
undergoing a 72-hour inpatient evaluation for determining whether he is in violation of
Section 4731.22(B)(26), Ohio Revised Code. Dr. Lentini further admits that this
evaluation was based, in part, on him being involved in three instances, wherein he was
charged with alcohol-related motor vehicle offenses. Dr. Lentini further admits that, as a
result of this evaluation at Shepherd Hill, he was diagnosed with Alcohol Use Disorder,
and it was determined that he currently was unable to practice according to acceptable
and prevailing standards of care. Dr. Lentini further admits that inpatient or residential
treatment was recommended. Dr. Lentini states that he is currently in residential
treatment at a Board-approved treatment provider. Dr. Lentini specifically attests that he
never has provided care to patients while under the influence of alcohol. Further, Dr.
Lentini specifically asserts that he has never before received inpatient treatment for
chemical abuse or chemical dependency.

AGREED CONDITIONS

Wherefore, in consideration of the foregoing and mutual promises hereinafter set forth, and in lieu
of any formal proceedings at this time, Dr. Lentini knowingly and voluntarily agrees with the Board
to the following terms, conditions and limitations:

SUSPENSION OF CERTIFICATE

1. The certificate of Dr. Lentini to practice medicine and surgery in the State of Ohio shall
be SUSPENDED for an indefinite period of time.

Obey all Laws

2. Dr. Lentini shall obey all federal, state, and local laws.

Soberity

3. Dr. Lentini shall abstain completely from the personal use or personal possession of
drugs, except those prescribed, dispensed or administered to him by another so
authorized by law who has full knowledge of Dr. Lentini's history of chemical
dependency. Further, in the event that Dr. Lentini is so prescribed, dispensed or
administered any controlled substance, carisoprodol, or tramadol, Dr. Lentini shall notify
the Board in writing within seven days, providing the Board with the identity of the prescriber; the name of the drug Dr. Lentini received; the medical purpose for which he received said drug; the date such drug was initially received; and the dosage, amount, number of refills, and directions for use. Further, within thirty days of the date said drug is so prescribed, dispensed, or administered to him, Dr. Lentini shall provide the Board with either a copy of the written prescription or other written verification from the prescriber, including the dosage, amount, number of refills, and directions for use.

4. Dr. Lentini shall abstain completely from the use of alcohol.

Absences from Ohio

5. Dr. Lentini shall obtain permission from the Board for departures or absences from Ohio. Such periods of absence shall not reduce the probationary term, unless otherwise determined by motion of the Board for absences of three months or longer, or by the Secretary or the Supervising Member of the Board for absences of less than three months, in instances where the Board can be assured that probationary monitoring is otherwise being performed. Further, the Secretary and Supervising Member of the Board shall have the discretion to grant a waiver of part or all of the monitoring terms set forth in this Consent Agreement for occasional periods of absence of fourteen days or less. In the event that Dr. Lentini resides and/or is employed at a location that is within fifty miles of the geographic border of Ohio and any of its contiguous states, Dr. Lentini may travel between Ohio and that contiguous state without seeking prior approval of the Secretary or Supervising Member provided that Dr. Lentini is able to otherwise maintain full compliance with all other terms, conditions and limitations set forth in this Consent Agreement.

Releases; Quarterly Declarations and Appearances

6. Dr. Lentini shall provide authorization, through appropriate written consent forms, for disclosure of evaluative reports, summaries, and records, of whatever nature, by any and all parties that provide treatment or evaluation for Dr. Lentini’s chemical dependency or related conditions, or for purposes of complying with this Consent Agreement, whether such treatment or evaluation occurred before or after the effective date of this Consent Agreement. To the extent permitted by law, the above-mentioned evaluative reports, summaries, and records are considered medical records for purposes of Section 149.43 of the Ohio Revised Code and are confidential pursuant to statute. Dr. Lentini further agrees to provide the Board written consent permitting any treatment provider from whom he obtains treatment to notify the Board in the event he fails to agree to or comply with any treatment contract or aftercare contract. Failure to provide such consent, or revocation of such consent, shall constitute a violation of this Consent Agreement.

7. Dr. Lentini shall submit quarterly declarations under penalty of Board disciplinary action and/or criminal prosecution, stating whether there has been compliance with all the conditions of this Consent Agreement. The first quarterly declaration must be received
in the Board’s offices on the first day of the third month following the month in which this Consent Agreement becomes effective, or as otherwise requested by the Board. Subsequent quarterly declarations must be received in the Board’s offices on or before the first day of every third month.

8. Dr. Lentini shall appear in person for an interview before the full Board or its designated representative during the third month following the effective date of this Consent Agreement. Subsequent personal appearances must occur every three months thereafter, and/or as otherwise requested by the Board. If an appearance is missed or is rescheduled for any reason, ensuing appearances shall be scheduled based on the appearance date as originally scheduled.

Drug & Alcohol Screens: Drug Testing Facility and Collection Site

9. Dr. Lentini shall submit to random urine screenings for drugs and alcohol at least four times per month, or as otherwise directed by the Board. Dr. Lentini shall ensure that all screening reports are forwarded directly to the Board on a quarterly basis. The drug testing panel utilized must be acceptable to the Secretary of the Board, and shall include Dr. Lentini’s drug(s) of choice.

Dr. Lentini shall abstain from the use of any substance and the consumption of poppy seeds or any other food or liquid that may produce a low level positive result in a toxicology screen. Dr. Lentini acknowledges that he understands that the consumption or use of such substances, including but not limited to substances such as mouthwash or hand cleaning gel, may cause a positive drug screen that may not be able to be differentiated from intentional ingestion, and therefore such consumption or use is prohibited under this Consent Agreement.

All such urine screenings for drugs and alcohol shall be conducted through a Board-approved drug testing facility and collection site pursuant to the global contract between said facility and the Board, that provides for the Board to maintain ultimate control over the urine screening process and to preserve the confidentiality of all positive screening results in accordance with Section 4731.22(F)(5), Ohio Revised Code, and the screening process shall require a daily call-in procedure. Further, in the event that the Board exercises its discretion, as provided in Paragraph 10 below, to approve urine screenings to be conducted at an alternative drug testing facility and/or collection site or a supervising physician, such approval shall be expressly contingent upon the Board retaining ultimate control over the urine screening process in a manner that preserves the aforementioned confidentiality of all positive screening results.

Dr. Lentini shall submit, at his expense and on the day selected, urine specimens for drug and/or alcohol analysis. All specimens submitted by Dr. Lentini shall be negative, except for those substances prescribed, administered, or dispensed to him in conformance with the terms, conditions and limitations set forth in this Consent Agreement. Refusal to submit such specimen, or failure to submit such specimen on the
day he is selected or in such manner as the Board may request, shall constitute a violation of this Consent Agreement.

Further, within thirty days of the effective date of this Consent Agreement, Dr. Lentini shall enter into the necessary financial and/or contractual arrangements with the Board-approved drug testing facility and/or collection site in order to facilitate the urine screening process in the manner required by this Consent Agreement. Further, Dr. Lentini shall promptly provide to the Board written documentation of completion of such arrangements, including a copy of any contract entered into between Dr. Lentini and the Board-approved drug testing facility and/or collection site. Dr. Lentini’s failure to timely complete such arrangements, or failure to timely provide written documentation to the Board of completion of such arrangements, shall constitute a violation of this Consent Agreement.

Dr. Lentini shall ensure that the urine screening process performed through the Board-approved drug testing facility and/or collection site requires a daily call-in procedure; that the urine specimens are obtained on a random basis; and that the giving of the specimen is witnessed by a reliable person. In addition, Dr. Lentini and the Board-approved drug testing facility and collection site shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.

Dr. Lentini shall ensure that the Board-approved drug testing facility and/or collection site provides quarterly reports to the Board, in a format acceptable to the Board, verifying whether all urine screens have been conducted in compliance with this Consent Agreement, and whether all urine screens have been negative.

In the event that the Board-approved drug testing facility and/or collection site becomes unable or unwilling to serve as required by this Consent Agreement, Dr. Lentini must immediately notify the Board in writing, and make arrangements acceptable to the Board, pursuant to Paragraph 10 below, as soon as practicable. Dr. Lentini shall further ensure that the Board-approved drug testing facility and/or collection site also notifies the Board directly of its inability to continue to serve and the reasons therefore.

Dr. Lentini acknowledges that the Board expressly reserves the right to withdraw its approval of any drug testing facility and/or collection site in the event that the Secretary and Supervising Member of the Board determine that the drug testing facility and/or collection site has demonstrated a lack of cooperation in providing information to the Board or for any other reason.

10. Dr. Lentini and the Board agree that it is the intent of this Consent Agreement that Dr. Lentini shall submit his urine specimens to the Board-approved drug testing facility and collection site chosen by the Board. However, in the event that utilizing said Board-approved drug testing facility and/or collection site creates an extraordinary hardship upon Dr. Lentini, as determined in the sole discretion of the Board, then subject to the
following requirements, the Board may approve an alternate drug testing facility and/or collection site, or a supervising physician, to facilitate the urine screening process for Dr. Lentini:

a. Within thirty days of the date upon which Dr. Lentini is notified of the Board’s determination that utilizing the Board-approved drug testing facility and/or collection site constitutes an extraordinary hardship upon Dr. Lentini, he shall submit to the Board in writing for its prior approval the identity of either an alternate drug testing facility and collection site, or the name of a proposed supervising physician, to whom Dr. Lentini shall submit the required urine specimens. In approving a facility, entity, or an individual to serve in this capacity, the Board will give preference to a facility located near Dr. Lentini’s residence or employment location, or to a physician who practices in the same locale as Dr. Lentini. Dr. Lentini shall ensure that the urine screening process performed through the alternate drug testing facility and/or collection site, or through the supervising physician, requires a daily call-in procedure; that the urine specimens are obtained on a random basis; and that the giving of the specimen is witnessed by a reliable person. In addition, Dr. Lentini acknowledges that the alternate drug testing facility and collection site, or the supervising physician, shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.

b. Dr. Lentini shall ensure that the alternate drug testing facility and/or collection site, or the supervising physician, provides quarterly reports to the Board, in a format acceptable to the Board, verifying whether all urine screens have been conducted in compliance with this Consent Agreement, and whether all urine screens have been negative.

c. In the event that the designated alternate drug testing facility and/or collection site, or the supervising physician, becomes unable or unwilling to serve, Dr. Lentini must immediately notify the Board in writing. Dr. Lentini shall further ensure that the previously designated alternate drug testing facility and collection site, or the supervising physician, also notifies the Board directly of the inability to continue to serve and the reasons therefore. Further, in order to ensure that there will be no interruption in his urine screening process, upon the previously approved alternate drug testing facility, collection site, or supervising physician becoming unable to serve, Dr. Lentini shall immediately commence urine screening at the Board-approved drug testing facility and collection site chosen by the Board, until such time, if any, that the Board approves a subsequent alternate drug testing facility, collection site, or supervising physician, if requested by Dr. Lentini.

d. The Board expressly reserves the right to disapprove any entity or facility proposed to serve as Dr. Lentini’s designated alternate drug testing facility and/or collection site, or any person proposed to serve as his supervising physician, or to withdraw approval of any entity, facility or person previously approved to so serve in the
event that the Secretary and Supervising Member of the Board determine that any such entity, facility or person has demonstrated a lack of cooperation in providing information to the Board or for any other reason.

11. All screening reports required under this Consent Agreement from the Board-approved drug testing facility and/or collection site, or from the alternate drug testing facility and/or collection site or supervising physician, must be received in the Board’s offices no later than the due date for Dr. Lentini’s quarterly declaration. It is Dr. Lentini’s responsibility to ensure that reports are timely submitted.

12. The Board retains the right to require, and Dr. Lentini agrees to submit, blood, urine, breath, saliva and/or hair specimens for screening for drugs and alcohol, for analysis of therapeutic levels of medications that may be prescribed for Dr. Lentini, or for any other purpose, at Dr. Lentini’s expense upon the Board’s request and without prior notice. Dr. Lentini’s refusal to submit a specimen upon request of the Board shall result in a minimum of one year of actual license suspension. Further, the collection of such specimens shall be witnessed by a representative of the Board, or another person acceptable to the Secretary or Supervising Member of the Board.

Rehabilitation Program

13. Within thirty days of the effective date of this Consent Agreement, Dr. Lentini shall undertake and maintain participation in an alcohol and drug rehabilitation program, such as A.A., N.A., C.A., or Caduceus, no less than three times per week. Substitution of any other specific program must receive prior Board approval.

Dr. Lentini shall submit acceptable documentary evidence of continuing compliance with this program, including submission to the Board of meeting attendance logs, which must be received in the Board’s offices no later than the due date for Dr. Lentini’s quarterly declarations.

14. Immediately upon completion of any required treatment for chemical dependency, Dr. Lentini shall enter into an aftercare contract with a Board-approved treatment provider and shall maintain continued compliance with the terms of said aftercare contract, provided that, where the terms of the aftercare contract conflict with the terms of this Consent Agreement, the terms of this Consent Agreement shall control.

CONDITIONS FOR REINSTATEMENT

15. The Board shall not consider reinstatement or restoration of Dr. Lentini’s certificate to practice medicine and surgery until all of the following conditions are met:

a. Dr. Lentini shall submit an application for reinstatement or restoration, as appropriate, accompanied by appropriate fees, if any.
b. Dr. Lentini shall demonstrate to the satisfaction of the Board that he can resume practice in compliance with acceptable and prevailing standards of care under the provisions of his certificate. Such demonstration shall include but shall not be limited to the following:

i. Certification from a treatment provider approved under Section 4731.25 of the Revised Code that Dr. Lentini has successfully completed any required inpatient treatment, including at least twenty-eight days of inpatient or residential treatment for chemical abuse/dependence, as set forth in Rules 4731-16-02 and 4731-16-08, Ohio Administrative Code, completed consecutively.

ii. Evidence of continuing full compliance with, or successful completion of, a post-discharge aftercare contract with a treatment provider approved under Section 4731.25 of the Revised Code. Such evidence shall include, but not be limited to, a copy of the signed aftercare contract. The aftercare contract must comply with rule 4731-16-10 of the Administrative Code.

iii. Evidence of continuing full compliance with this Consent Agreement.

iv. Two written reports indicating that Dr. Lentini’s ability to practice has been assessed and that he has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by physicians knowledgeable in the area of addictionology and who are either affiliated with a current Board-approved treatment provider or otherwise have been approved in advance by the Board to provide an assessment of Dr. Lentini. Further, the two aforementioned physicians shall not be affiliated with the same treatment provider or medical group practice. Prior to the assessments, Dr. Lentini shall provide the evaluators with copies of patient records from any evaluations and/or treatment that he has received, and a copy of this Consent Agreement. The reports from the evaluators shall include any recommendations for treatment, monitoring, or supervision of Dr. Lentini, and any conditions, restrictions, or limitations that should be imposed on Dr. Lentini’s practice. The reports shall also describe the basis for the evaluator’s determinations.

All reports required pursuant to this paragraph shall be based upon examinations occurring within the three months immediately preceding any application for reinstatement. Further, at the discretion of the Secretary and Supervising Member of the Board, the Board may request an updated assessment and report if the Secretary and Supervising Member determine that such updated assessment and report is warranted for any reason.

v. In the event that the Board initiates future formal proceedings against Dr. Lentini, including but not limited to issuance of a Notice of Opportunity for
Hearing, Dr. Lentini shall be ineligible for reinstatement until such proceedings are fully resolved by ratification by the Board of a subsequent Consent Agreement or issuance by the Board of a final Board Order.

c. Dr. Lentini shall enter into a written consent agreement including probationary terms, conditions and limitations as determined by the Board within 180 days of the date upon which all the above-specified conditions for reinstatement or restoration have been completed or, if the Board and Dr. Lentini are unable to agree on the terms of a written Consent Agreement, then Dr. Lentini further agrees to abide by any terms, conditions and limitations imposed by Board Order after a hearing conducted pursuant to Chapter 119. of the Ohio Revised Code. The Board shall provide notice to Dr. Lentini that said hearing has been scheduled, advising Dr. Lentini of his hearing rights, and stating the date, time, and location of the hearing at which the Board will present its evidence, after which the Board will make a determination of the matter by Board Order.

Further, upon reinstatement of Dr. Lentini’s certificate to practice medicine and surgery in this state, the Board shall require continued monitoring which shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by Board Order after a hearing conducted pursuant to Chapter 119. of the Revised Code. Moreover, upon termination of the consent agreement or Board Order, Dr. Lentini shall submit to the Board for at least two years annual progress reports made under penalty of Board disciplinary action or criminal prosecution stating whether Dr. Lentini has maintained sobriety.

16. In the event that Dr. Lentini has not been engaged in the active practice of medicine and surgery for a period in excess of two years prior to application for reinstatement, the Board may exercise its discretion under Section 4731.222, Ohio Revised Code, to require additional evidence of Dr. Lentini’s fitness to resume practice.

REQUIRED REPORTING BY LICENSEE

DURATION/MODIFICATION OF TERMS

The above-described terms, conditions and limitations may be amended or terminated in writing at any time upon the agreement of both parties. In the event that the Board initiates future formal proceedings against Dr. Lentini, including but not limited to issuance of a Notice of Opportunity for Hearing, this Consent Agreement shall continue in full force and effect until such time that it is superseded by ratification by the Board of a subsequent Consent Agreement or issuance by the Board of a final Board Order.

In the event that any term, limitation, or condition contained in this Consent Agreement is determined to be invalid by a court of competent jurisdiction, Dr. Lentini and the Board agree that all other terms, limitations, and conditions contained in this Consent Agreement shall be unaffected.
