CONSENT ORDER

WHEREAS, Huping Zhou of Los Angeles, California (hereinafter "respondent") has been issued
license number 052491 to practice as a physician and surgeon by the Department of Public
Health (hereinafter "the Department") pursuant to Chapter 370 of the General Statutes of
Connecticut, as amended; and,

WHEREAS, respondent admits that:

1. On or about October 11, 2016, the Virginia Board of Medicine (hereinafter “the Virginia
   Board”) issued an order in Case Number 154680 (hereinafter “the Virginia Order”) that
   reprimanded respondent’s license to practice medicine and surgery in the Commonwealth
   of Virginia and required respondent to (a) successfully complete continuing medical
   education in the subject of proper prescribing, (b) cease providing chronic pain
   management and transfer all chronic pain patients to another practice; and (c) have his
   practice submit to an audit to ensure compliance with the term in paragraph 1(b), based in
   part, upon inappropriate prescribing practices, during the course of approximately late
   2013 through early 2014, in connection with respondent’s care and treatment of ten
   patients with chronic pain.

2. The above described facts constitute grounds for disciplinary action pursuant to the
   General Statutes of Connecticut, §§19a-17(f) and/or 20-13c, including, but not limited to,
   §20-13c(4).
WHEREAS, respondent, in consideration of this Consent Order, has chosen not to contest this matter and agrees that for purposes of this or any future proceedings before the Connecticut Medical Examining Board (hereinafter "the Board"), this Consent Order shall have the same effect as if proven and ordered after a full hearing held pursuant to §§19a-10, 19a-14 and 20-13c of the General Statutes of Connecticut.

WHEREAS, respondent does not currently practice medicine in the State of Connecticut and is subject to the Virginia Order (a true and correct copy attached hereto and incorporated herein).

NOW THEREFORE, pursuant to §§19a-14, 19a-17 and 20-13c of the General Statutes of Connecticut, respondent hereby stipulates and agrees to the following:

1. Respondent waives his right to a hearing on the merits of this matter.

2. Respondent’s license number 052491 to practice as a physician and surgeon in the State of Connecticut is hereby reprimanded.

3. Respondent shall provide the Virginia Board with a copy of this Consent Order within ten (10) days of its effective date. Respondent shall cause the Virginia Board to provide immediate notice to the Department in the event that respondent violates any terms of the Virginia Order and/or in the event any further disciplinary action is taken against respondent’s Virginia license. Any violation of the Virginia Order shall be deemed to be a violation of this Consent Order.

4. Respondent shall cause the Virginia Board to provide written notice to the Department when respondent successfully completes the terms of the Virginia Order.

5. If respondent intends to commence the practice of medicine in Connecticut, respondent shall give written notice to the Department no less than ninety (90) days before
commencement of said Connecticut practice. At the time respondent provides said written notice to the Department, respondent shall cause the Virginia Board to provide the Department with any and all reports, audits or review prepared in connection with the Virginia Order. Respondent agrees that the Department may require additional documentation from respondent and/or require respondent to satisfy other terms or conditions as a condition precedent to respondent's practice of medicine in Connecticut.

Respondent further agrees that the Department and the Board may require that additional terms and/or conditions be placed on respondent's license before respondent may resume the practice of medicine in Connecticut. Respondent understands that any commencement of the practice of medicine in Connecticut in disregard of the above shall constitute a violation of this Consent Order and may subject respondent to further disciplinary action.

6. All correspondence and reports are to be addressed to:

Lavita Sookram, R.N., Nurse Consultant
Practitioner Compliance and Monitoring Unit
Department of Public Health
410 Capitol Avenue, MS #12HSP
P.O. Box 340308
Hartford, CT 06134-0308

7. All reports required by the terms of this Consent Order shall be due according to a schedule to be established by the Department of Public Health.

8. Respondent shall comply with all state and federal statutes and regulations applicable to his licensure.

9. Respondent shall pay all costs necessary to comply with this Consent Order.

10. Any alleged violation of any provision of this Consent Order may result in the following procedures at the discretion of the Department:
a. The Department shall notify respondent in writing by first-class mail that the term(s) of this Consent Order have been violated, provided that no prior written consent for deviation from said term(s) has been granted.

b. Said notification shall include the acts or omission(s) which violate the term(s) of this Consent Order.

c. Respondent shall be allowed fifteen (15) days from the date of the mailing of notification required in paragraph 10a above to demonstrate to the satisfaction of the Department that he has complied with the terms of this Consent Order or, in the alternative, that he has cured the violation in question.

d. If respondent does not demonstrate compliance or cure the violation within the fifteen (15) days specified in the notification of violation to the satisfaction of the Department, he shall be entitled to a hearing before the Board which shall make a final determination of the disciplinary action to be taken.

e. Evidence presented to the Board by either the Department or respondent in any such hearing shall be limited to the alleged violation(s) of the term(s) of this Consent Order.

11. In the event respondent violates any term of this Consent Order, said violation may also constitute grounds for the Department to seek a summary suspension of his license before the Board.

12. Legal notice shall be sufficient if sent to respondent's last known address of record reported to the Practitioner Licensing and Investigations Section of the Healthcare Quality and Safety Branch of the Department.

13. This Consent Order is effective on the first day of the month immediately following the date this Consent Order is accepted and ordered by the Board.
14. Respondent understands and agrees that this Consent Order shall be deemed a public
document and the above-admitted violations shall be deemed true in any proceeding
before the Board in which his compliance with this Consent Order or with §20-13c of the
General Statutes of Connecticut, as amended, is at issue. Further, respondent understands
that any discipline imposed by this Consent Order shall be reported to the National
Practitioner Data Bank maintained by the United States Department of Health and Human
Services and that all disciplinary actions will appear on his physician profile pursuant to
Connecticut General Statutes 20-13j.

15. In the event respondent violates a term of this Consent Order, respondent agrees
immediately to refrain from practicing as a physician and surgeon, upon request by the
Department, with notice to the Board, for a period not to exceed 45 days. During that time
period, respondent further agrees to cooperate with the Department in its investigation of
the violation, and to submit to and complete a medical, psychiatric or psychological
evaluation, if requested to do so by the Department; and, that the results of the evaluation
shall be submitted directly to the Department. Respondent further agrees that failure to
cooperate with the Department in its investigation during said 45 day period shall
constitute grounds for the Department to seek a summary suspension of respondent’s
license. In any such summary action, respondent stipulates that failure to cooperate with
the Department’s investigation shall be considered by the Board and shall, as a matter of
law, constitute a clear and immediate danger as required pursuant to Connecticut General
Statutes, sections 4-182(c) and 19a-17(c). The Department and respondent understand that
the Board has complete and final discretion as to whether a summary suspension is
ordered.
16. Any extension of time or grace period for reporting granted by the Department shall not be a waiver or preclude the Department from taking action at a later time. The Department shall not be required to grant future extensions of time or grace periods.

17. This Consent Order and terms set forth herein are not subject to reconsideration, collateral attack or judicial review under any form or in any forum. Respondent agrees that this Consent Order shall not be subject to modification as a result of any claim that the terms contained herein may result in action by third parties, including, but not limited to, healthcare facilities and/or credentialing or licensure boards and respondent waives any right to seek reconsideration or modification of this Consent Order pursuant to §4-181a of the General Statutes of Connecticut. Respondent assumes all responsibility for assessing such actions prior to the execution of this document. Further, this Consent Order is not subject to appeal or review under the provisions of Chapters 54 or 368a of the General Statutes of Connecticut, provided that this stipulation shall not deprive respondent of any rights that he may have under the laws of the State of Connecticut or of the United States.

18. This Consent Order is a revocable offer of settlement which may be modified by mutual agreement or withdrawn by the Department at any time prior to its being executed by the last signatory.

19. Respondent permits a representative of the Department to present this Consent Order and the factual basis for this Consent Order to the Board. Respondent understands that the Board has complete and final discretion as to whether this executed Consent Order is approved or accepted. Respondent hereby waives any claim of error that could be raised that is related to or arises during the course of the Board’s discussions regarding whether to approve or reject this Consent Order and/or a Board member’s participation during this process, through the Board member’s review or comments, including but not limited to bias or reliance on evidence outside the administrative record if this matter proceeds to a
hearing on a statement of charges resulting in a proposed decision by the Board and/or a panel of the Board and a final decision by the Board.

20. Respondent has the right to consult with an attorney prior to signing this document.

21. The execution of this document has no bearing on any criminal liability without the written consent of the Director of the Medicaid Fraud Control Unit or the State's Attorney's Office where the allegation occurred or Bureau Chief of the applicable unit in the Chief State's Attorney's Office.
